

Kanhaiya Kumar Singh

Full Stack Developer — Java DSA Specialist

Jharkhand, India — +91 9142417247 — skanahaiya05@gmail.com
GitHub: KANHAIYASINGH337 — LinkedIn: Kanhaiya Singh

Professional Summary

B.Tech IT student (2023–2027) with expertise in DSA using Java and full-stack web development. Proficient in building responsive applications with modern frameworks and RESTful APIs. Seeking software development internship opportunities.

Education

Haldia Institute of Technology	2023–2027
Bachelor of Technology in Information Technology	Pursuing
CBSE Class XII	2022
Percentage: 80%	
CBSE Class X	2020
Percentage: 89.4%	

Technical Skills

- **Languages:** Java (DSA, OOPs), JavaScript (ES6+)
- **Frontend:** HTML5, CSS3, React.js, Responsive Design
- **Backend:** Node.js, Express.js, RESTful APIs
- **Database:** MongoDB, Mongoose
- **Tools & Others:** Git, GitHub, VS Code, Postman, JWT, bcrypt

Projects

- **Full Stack Authentication System** *Node.js, Express.js, MongoDB*
 - Developed secure authentication with JWT tokens and password hashing using bcrypt.
 - Implemented role-based access control and RESTful API endpoints for user management.
- **Real-Time Weather Application** *JavaScript, REST API*
 - Built weather app fetching real-time data from OpenWeatherMap API with location search.
 - Designed responsive UI with error handling for invalid inputs.
- **Personal Portfolio Website** *React.js, HTML5, CSS3*
 - Created responsive portfolio using React hooks and components with modern UI/UX design.

Certifications

- Web Development Certification — Full-stack development training
- Java Programming Certification — Advanced OOPs and DSA concepts

Interests & Hobbies

- **Cricket:** Passionate cricket enthusiast, regularly follow international matches and play recreational cricket
- **Competitive Programming:** Enjoy solving algorithmic problems and participating in coding challenges
- **Technology Exploration:** Stay updated with latest web technologies, frameworks, and development trends
